Any order "add-on" must be placed and paid before your order ships. Otherwise, it will become a new order subject to minimum order requirements and shipment fees.

08.

All our stencils are made to order and so require handling time of 5-7 business days for retailers. Paid orders are processed the following business day. Orders placed on a Friday, Saturday and Sunday will be processed on Monday. If there are any further delays, we will contact you immediately.

OUR STORY

STEP INTO OUR WORLD OF CREATIVITY

Many years of experience in the interior decor industry sparked a niche for luxurious interior stencils that are easy to use and re-use, durable and high quality, extravagant designs. Our dream was to create an online shop with a wide variety of designs to inspire both DIY'ers to re-create a space at home as well as the experienced, keen eye, professional artists and business owners who are looking to expand their line of products and add variety to their shelves.

We have the largest stencil collection in South Africa. With more than 880 designs in 13 different categories. All our stencils come in various sizes, and we have the largest Tile Stencil collection in South Africa, boasting with up to 16 different sizes per design! We design with our hearts as much as with our minds.

We strive for perfection and give serious attention to detail to even the most delicate of designs. The balance between fine art and attention to detail is what makes us so unique. To us, quality and practicality are of great importance. All our stencils are cut from cutting-edge laser technology. When cutting stencils with a laser cutter, its accuracy is 1/10th of a millimeter, meaning that even the most delicate artwork will be cut with the utmost precision. Stencils are meant to be reusable - we therefore only use 350-micron mylar material - to ensure strong, durable, and flexible stencils that are easy to use, clean and re-use. All our stencils are made in-house. Design, production, and packaging. Ensuring our clients always receive the best quality.
